Supplier Recommendation Letter

To whom it may concern,

Please treat this as a recommendation letter for our supplier, Pace Oil. As a Buyer for HPE, I have personally worked with Pace Oil since January 2014.

Since my involvement with Pace Oil, they have been professional, dependable and competitively priced with good after sales support. Pace Oil supplies goods to ten HPE sites.

I am very satisfied with the way they conduct their business and hope that you have the same positive experience with them.

Kind Regards

Clarissa **CLOETE**
