

CHEMFUSION GENERAL PURPOSE DETERGENT

DESCRIPTION

ChemFusion General Purpose Detergent is an extremely concentrated, pH neutral liquid blend of alkaline materials, surfactants, solubilisers, colourants and perfume which will transform greasy/oily deposits into a fine emulsion, easily dispersible in water. This new product is formulated to combine safe and effective features.

APPLICATION

- Cleaning & degreasing of liquid food cargo tanks
- Dishes
- Apron areas
- Airport, shipping, rail & bus terminal floors
- Shipping container terminals
- And many more areas where hygiene is important

PERFORMANCE

Meets or exceeds:

- No specific performance standards set for this product.

ADVANTAGES

- Versatile product that cleans almost anything.
- Highly concentrated and can be diluted up to 20 times depending on application.
- Neutral pH to avoid skin irritation.
